## AUTISTIC ENDEAVORS

## LEARNING CENTER

Autism is a national epidemic and is the nation's fastest growing developmental disorder, affecting 1 in 91 children. More children will be diagnosed with Autism than AIDS, Diabetes and Cancer combined.

There is no cure for Autism, however, there are ways to minimize the symptoms of autism and maximize the learning.

Autistic Endeavors Learning Center (AELC) is a 501c3 nonprofit private academic school for children diagnosed with Autism. Our mission is to promote the independent function of children diagnosed with Autistic Spectrum Disorders.

AELC shall provide a comprehensive educational and behavioral system designed to meet each child's individual needs, utilizing the proven principles of Applied Behavior Analysis.

AELC's purpose is to give each child access to the necessary tools and maximize each child's potential in order to function daily in life.
